Greetings Quilters!

This month, Kim made a pattern set for Slice of Pi's Exploding Hearts Quilt. These p2p patterns make pattern placement so easy! I've seen several of these quilts in progress as a couple of quilt retreats this summer. If you get one in and quilt it, please send us photos of the quilted quilt!

The September gift pattern (the one customers get when they make a purchase online) is the October Applique placemat, which you can quilt out and bind or quilt and let the pattern do the self-binding. There will be a new placemat each month.   This would make a cute door hanger quilt, too!

 I strongly recommend that you pre-wash your fabrics, as placemats tend to come into contact with food, so you'll want to be able to wash them. I also recommend that you use polyester batting for the same reason (you don't want them to shrink, either).
Enjoy the patterns!
Janet & Kim

The Moonstone September 2023 Archive contains 90 patterns, including 42 e2e patterns, a retail value of $1110.00.

The Name Panos...sigh!

—I do my level best to talk my quilting customers OUT of stitching name panos on their quilts. Why? Because I think they almost always detract from the quilt itself AND you can't read the names from the backside of the quilt. My personal quilting philosophy is to "do no harm" which means not quilting elaborate designs on a quilt just because I have a computer guided longarm which allows me to do so. Just because you CAN does not mean you SHOULD.

—Regardless, name panos are popular, especially around Christmas and Graduation seasons. Consequently, this archive contains more name panos than I would like. Most of them you will never have a use for, so just cull them out and forget about them. That's what I do...they don't make it onto my Statlers. If you need one, you can always ask me to send it to you again.

—*Almost every single name pano started out life as a "normal" pattern, to which we were requested to add a name. The original "normal" pattern is probably NOT included in the current archive, as it was created at some time in the past. That's one reason why CJC members get a 20% discount on all online pattern purchases.*

—From time to time we poll our Crown Jewels Club members and ask them if they'd like us to delete all those name panos from the archive. As Crown Jewels Club members, you pay the $50.00 monthly fee and get EVERYTHING Kim draws....including the name panos, and apparently, you want them all. Very few people (much to my surprise) voted to have them culled out prior to release.
Statler Owners Upgrading to Creative Studio 7.3 and 7.5 *(please read)*

Plan your software upgrade! If you have quilts to run and cannot afford any downtime, wait until your quilt load eases up before uploading.

Some people have had better luck downloading the software to a usb stick and upgrading their Statler and their Stand Alone Mode computers from the usb stick, rather than opening the Creative Studio software and then letting it upgrade from that point.

Statler Owners: If you're using CS 7.5.4 are your encrypted patterns suddenly have a dark gold background (instead of light yellow), LOG OUT of your Creative Studio Cloud Database. Reboot your Creative Studio software and then log back into your CS Cloud Database. Your patterns should then be light yellow (which means that they will stitch). If you still have problems, sync your patterns to your Gammill Pattern Cloud Account.
If you upgrade to Statler's Ascend, Gammill will make all of your patterns (in your Gammill Pattern Cloud Account) work with your new system, but you will need to contact SDQS with your new Statler Gold Key number.

I recommend 4 colors of orange for pumpkins.

Stitch background lines. Recommend matching thread to background fabric. Change thread for applique pieces, I suggest using black.

Applique in following order:

- Darkest orange (1, 2)
- Medium dark orange (3-6)
- Green Stems (7-8)
- Medium orange (9-12)
- Light orange (13 -14)
- Black face features (13-26)
- Flower petals
- Flower center

Now lay down the backing fabric, right side down, and continue (on Statler's the machine will pause). Remove from machine. Trim, clip corners. Turn right side out. Stitch turning hole closed. Topstitch around 1/4" from edge to simulate binding.
