

Club Notes: Peridot DECEMBER 2022

Greetings Quilting!

Kim really outdid herself this month with the pattern set for Sew Kind of Wonderful's Starry Night Quilt. This month also includes a quirky snail and flower e2e which concatenates with the flower e2e pattern without the snail. Using concatenating patterns is a great way to add more interest to the quilt and avoid having design elements visually stack up from one row to the next.

The December gift pattern (the one customers get when they make a purchase online) is the January Raw Edge Applique placemat, which you can quilt out and bind or quilt and let the pattern do the self-binding. There will be a new placemat each month.

I strongly recommend that you pre-wash your fabrics, as placemats tend to come into contact with food, so you'll want to be able to wash them. I also recommend that you use polyester batting for the same reason (you don't want them to shrink, either).

There's a stitch map included in this newsletter so you know which fabrics to lay down first and there are placemat instructions available at the SDQS website home page "Instructions and Guides" link.

It's the end of the year....already...so let's deal with those pesky year end tasks! Don't forget to do your thread and batting inventory before you quilt in January, and if you want SDQS to send an email receipt (just for your Crown Jewels Club amounts), send Janet an email (janet@sweetdreamsquiltstudio.com) with Tax Receipt in the subject line. I will be sending out those email receipts during the last week of January 2023.

Enjoy the patterns!

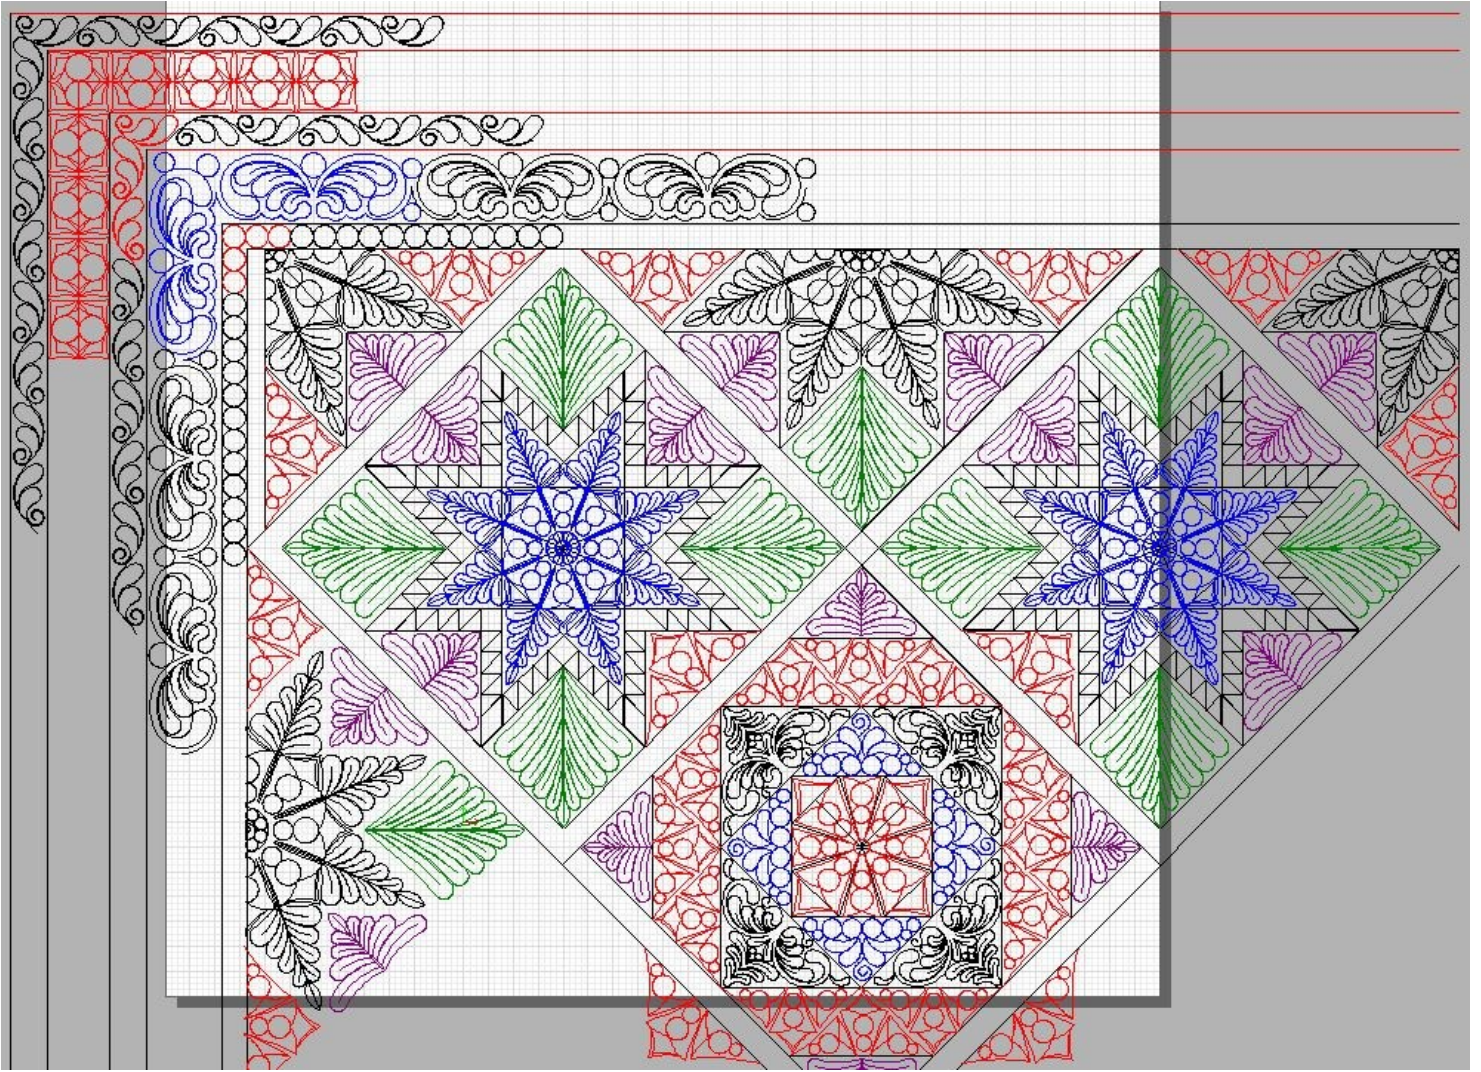

Janet & Kim

The Name Panos...sigh!

—I do my level best to talk my quilting customers OUT of stitching name panos on their quilts. Why? Because I think they almost always detract from the quilt itself AND you can't read the names from the back-side of the quilt. My personal quilting philosophy is to "do no harm" which means not quilting elaborate designs on a quilt just because I have a computer guided longarm which allows me to do so. Just because you CAN does not mean you SHOULD.

—Regardless, name panos are popular, especially around Christmas and Graduation seasons. Consequently, this archive contains more name panos than I would like. Most of them you will never have a use for, so just cull them out and forget about them. That's what I do...they don't make it onto my Statlers. If you need one, you can always ask me to send it to you again.

—Almost every single name pano started out life as a "normal" pattern, to which we were requested to add a name. The original "normal" pattern is probably NOT included in the current archive, as it was created at some time in the past. That's one reason why CJC members get a 20% discount on all online pattern purchases.

—From time to time we poll our Crown Jewels Club members and ask them if they'd like us to delete all those name panos from the archive. As Crown Jewels Club members, you pay the \$50.00 monthly fee and get EVERYTHING Kim draws...including the name panos, and apparently, you want them all. Very few people (much to my surprise) voted to have them culled out prior to release.

Statler Owners Upgrading to Creative Studio 7.3 and 7.5 (please read)

Plan your software upgrade! If you have quilts to run and cannot afford any downtime, wait until your quilt load eases up before uploading.

Some people have had better luck downloading the software to a usb stick and upgrading their Statler and their Stand Alone Mode computers from the usb stick, rather than opening the Creative Studio software and then letting it upgrade from that point.

Statler Owners: If you're using CS 7.5.4 are your encrypted patterns suddenly have a dark gold background (instead of light yellow), LOG OUT of your Creative Studio Cloud Database. Reboot your Creative Studio software and then log back into your CS Cloud Database. Your patterns should then be light yellow (which means that they will stitch). If you still have problems, sync your patterns to your Gammill Pattern Cloud Account.

If you upgrade to Statler's Ascend, Gammill will make all of your patterns (in your Gammill Pattern Cloud Account) work with your new system, but you will need to contact SDQS with your new Statler Gold Key number.
