Visit the Zoo!

We received many requests for zoo animals this past month. Some were quilting I Spy Quilts, some were quilting Noah's Arc Quilts, and some were just quilting large blocks in a baby quilt. The Rhino is my personal favorite!

So how many of these pets have found their way into your life, via a child or grandchild?

Williamsburg Pano Short

This shorter version of Williamsburg Pano gives the quilter the option to add these beautiful feathers to a quilt while keeping the stitching density much lighter. Also, this pattern will allow those quilters with the smaller machine throat to be able to take advantage of its beauty.

The Williamsburg sets were originally designed to enhance quilts pieced with 1800 reproduction fabrics. We also added the Williamsburg 60 degree diamond pattern to the set this month.
