

## Instructions for mass tagging patterns as Edge to Edge patterns when importing into CS 7

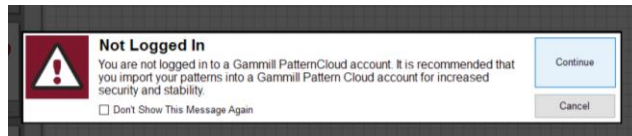

If you have a folder, like Crown Jewels Club members monthly patterns, to load into CS 7 follow these steps:

Open CS7

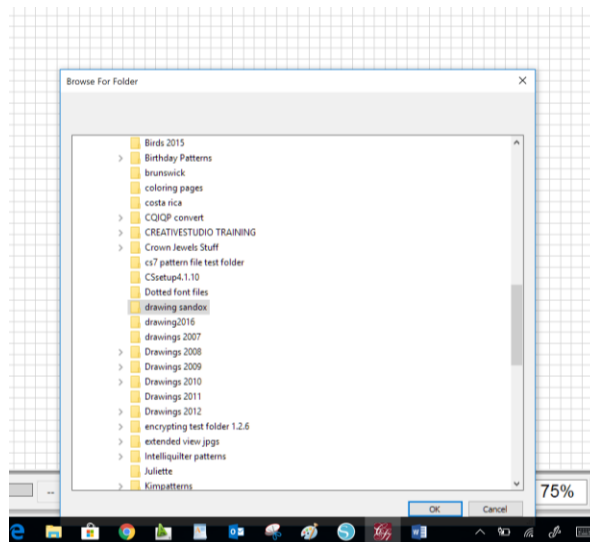

Click on import a pattern

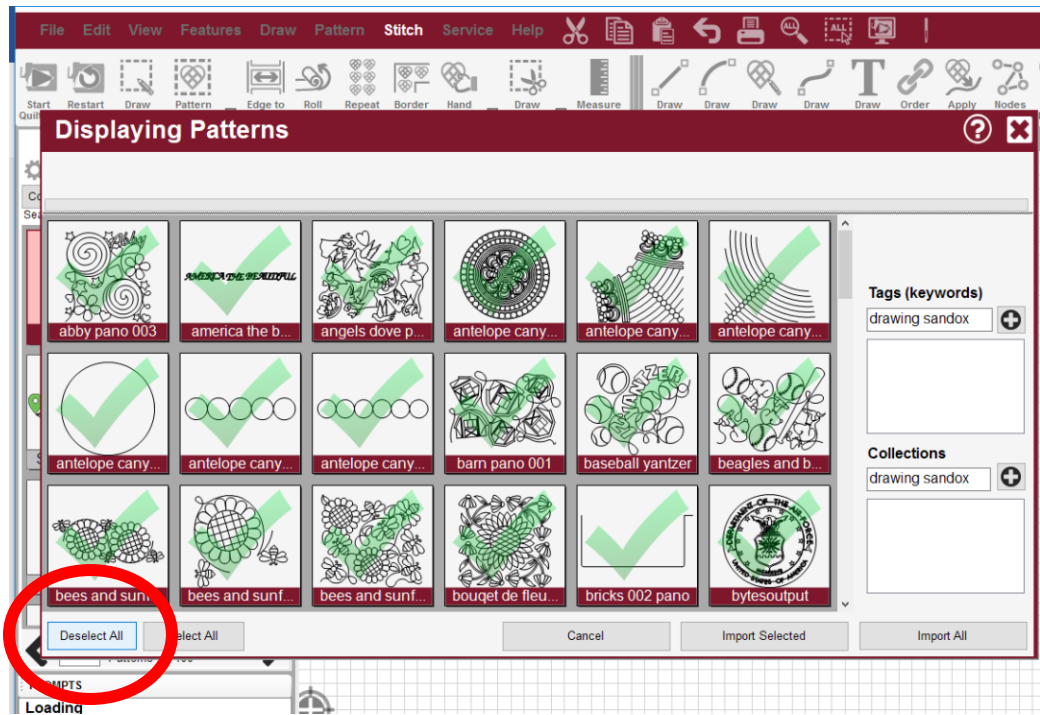

Click Continue

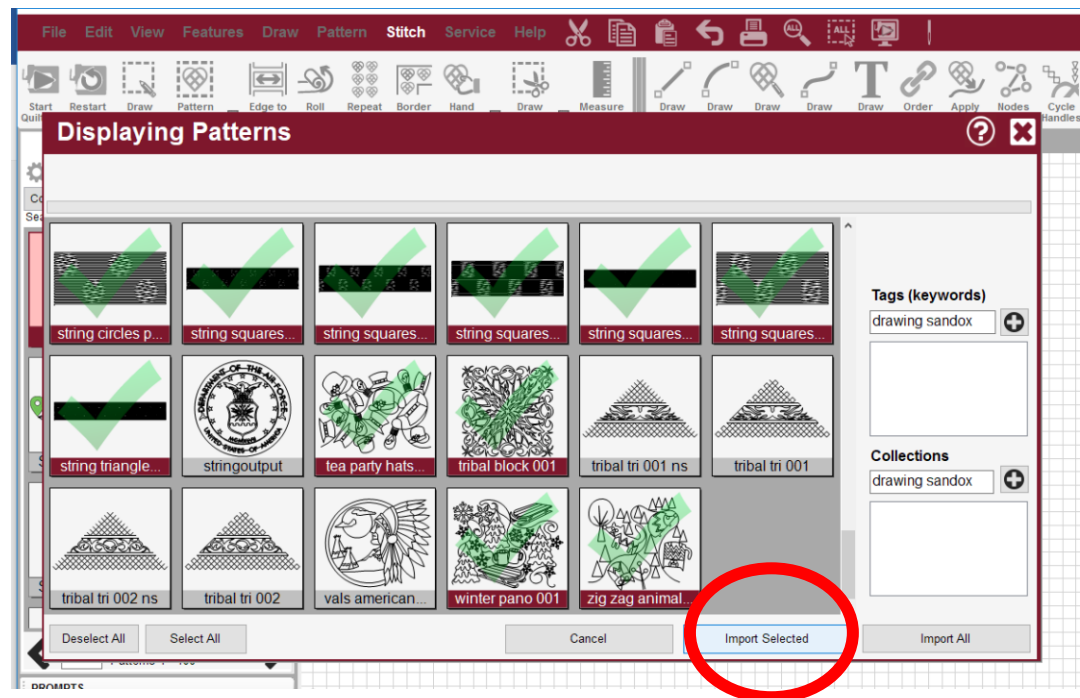

Navigate to the appropriate folder

Click Deselect All

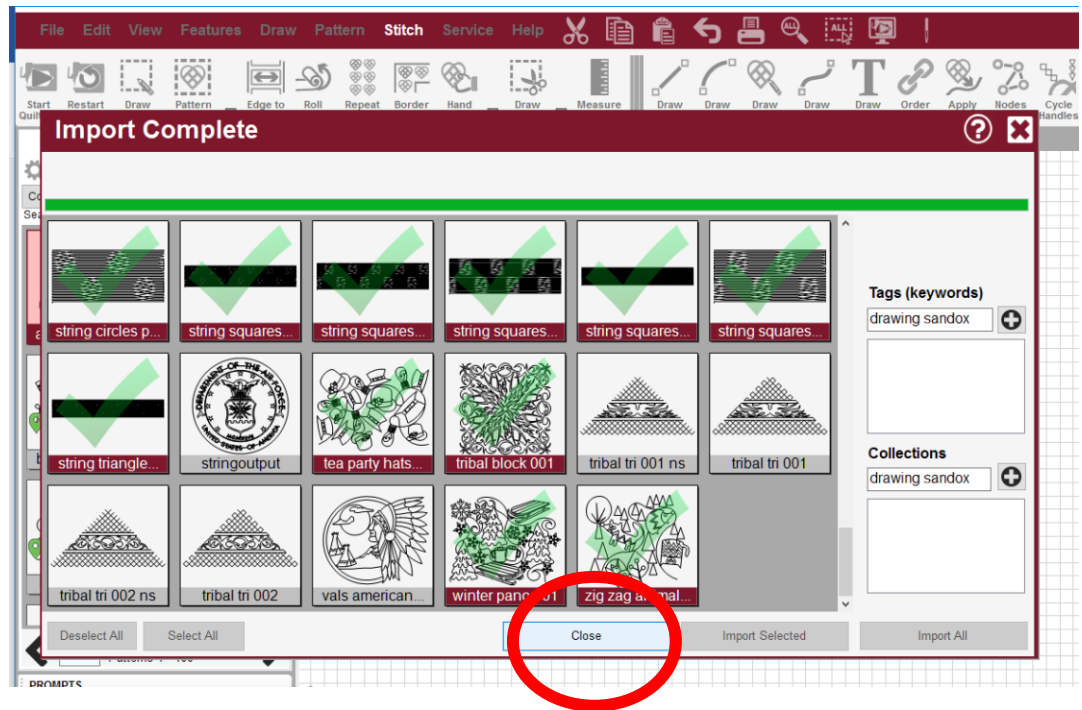

Click individually on  
Edge to Edge Pattern

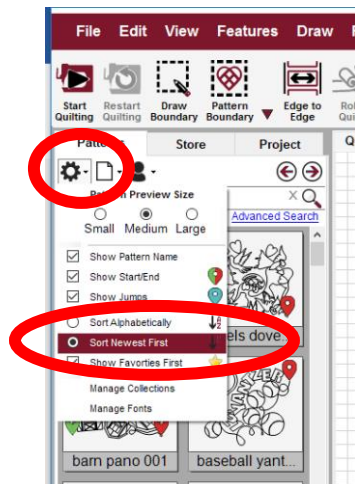

Click on Import  
Selected

each

Click Close

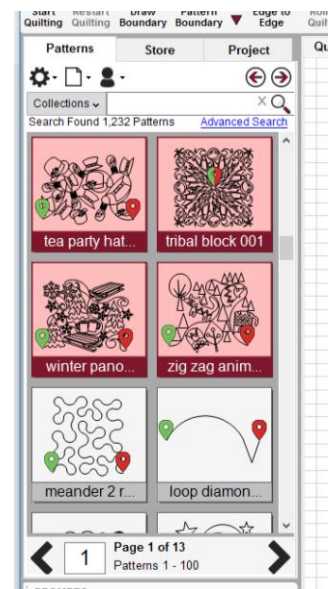

Click on the Gear under the pattern tab and set Sort Newest First

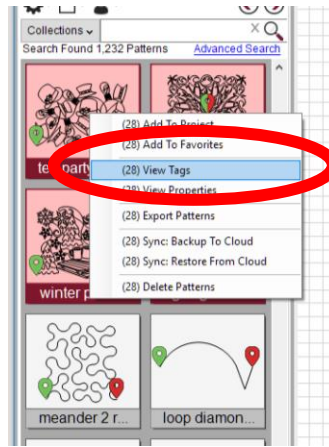

All the patterns you just imported will float to the top of the lists. We want to select all of these patterns that we just imported. Select the first pattern (at the top of the list of patterns), scroll down to the last pattern that you just imported.

Hold down the shift key and click on the last pattern. All the patterns you just imported will be selected. They all turn pink.

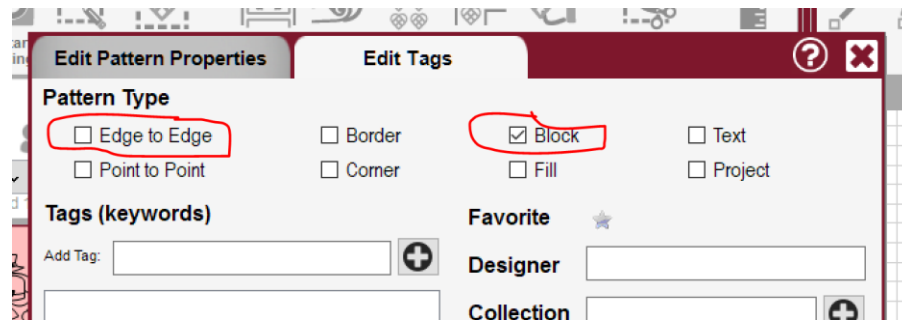

Right click on one of the patterns.

Click on View Tags

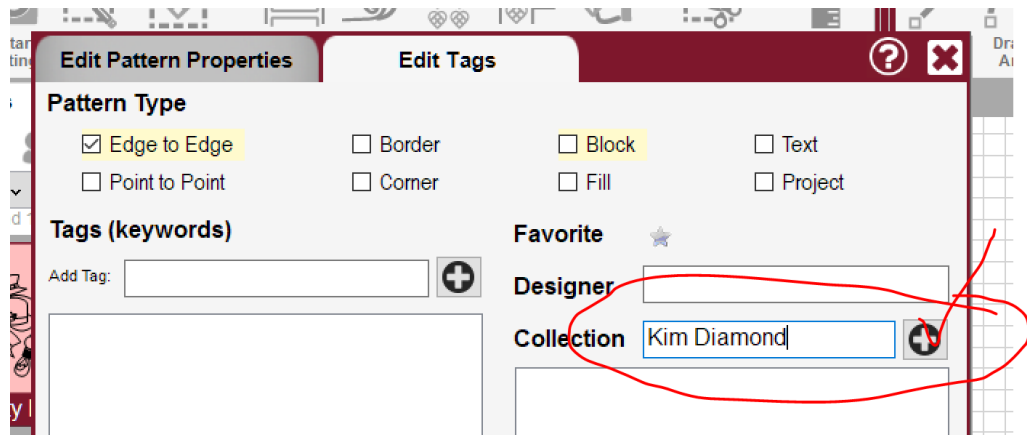

Check Edge to Edge

And uncheck Block

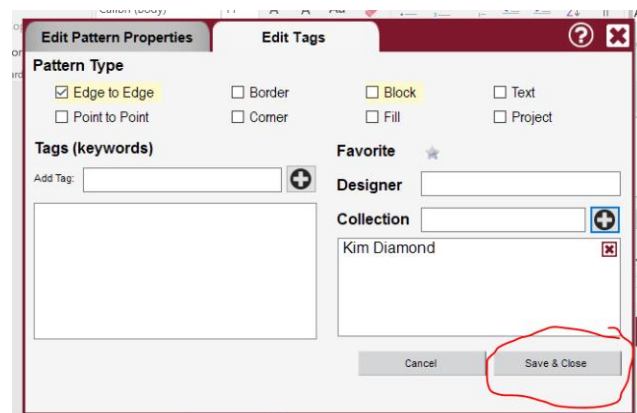

Type Kim Diamond

In the collection box and then click the plus

Click Save and Close

To find all the edge to edge patterns:

Click on Advanced Search

Check Edge to Edge

Only patterns tagged edge to edge will appear

Below this search window.
