

How to Locate Your ProStitcher Encryption Key:

Go to:

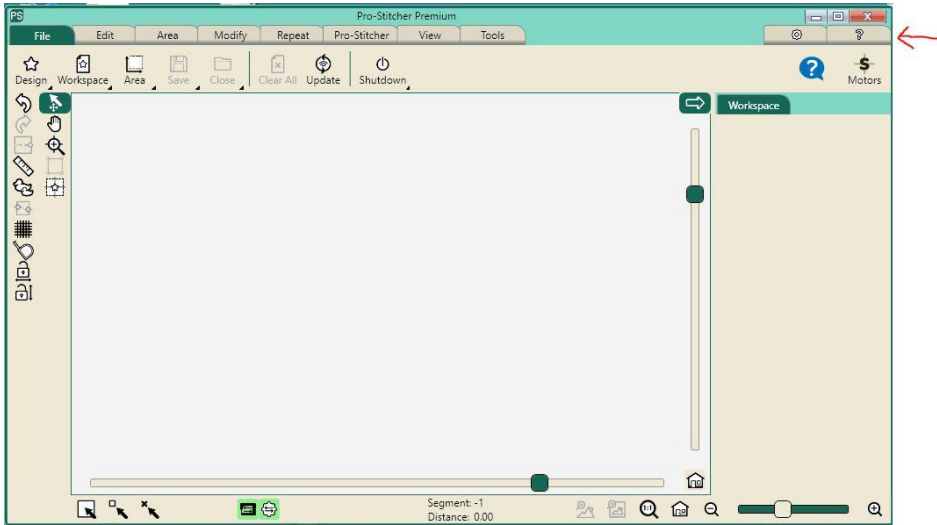

Settings
Advanced
About

The Key is a series of UPPERCASE LETTERS.

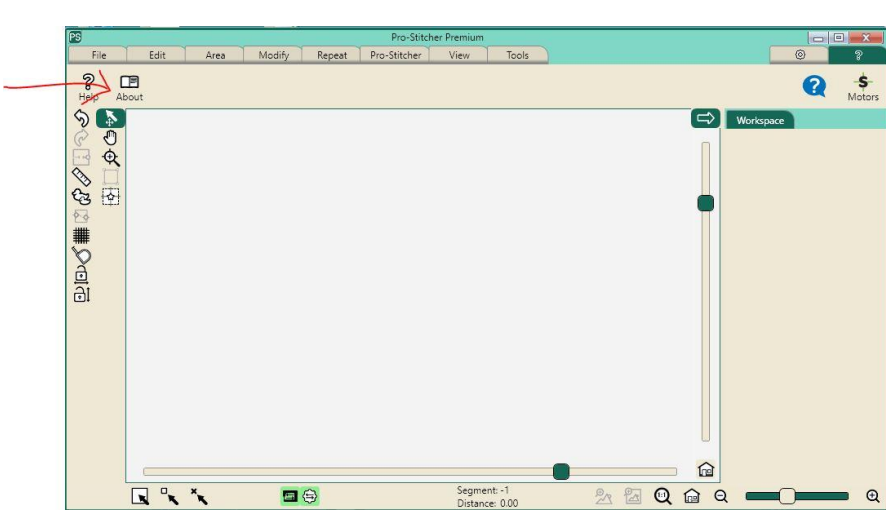

To find the key code for encrypted files in ProStitcher Premium:

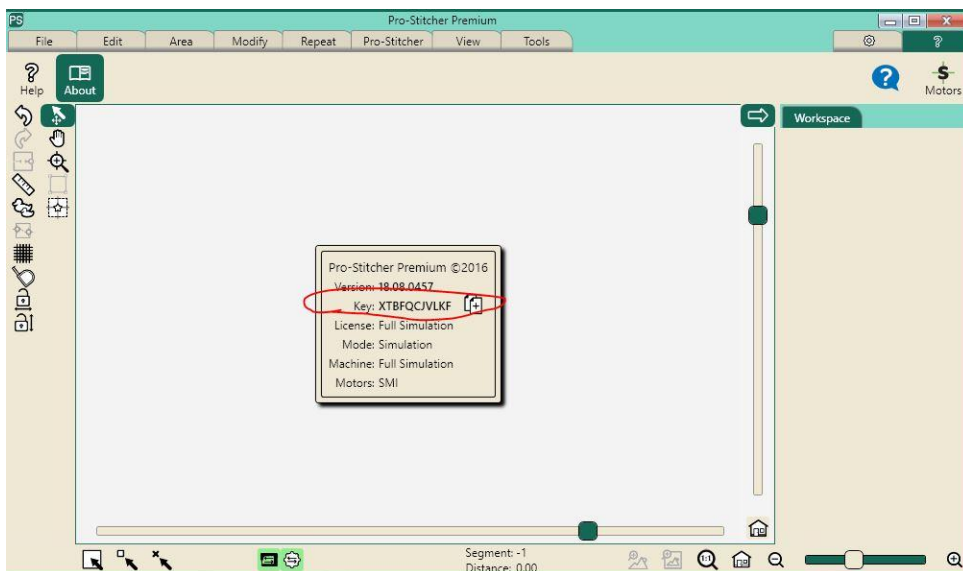

Turn on your ProStitcher Premium (not the simulator):

Select the Help tab in the upper right corner of the screen (red arrow points to the help ?).

Then select About in the ribbon on the far left (marked with red arrow):

The About box appears in the workspace. The code you need is after the word Key. (circled in red) The key is all UPPERCASE letters.
